

The image displays two identical Caterpillar 3516B diesel engines, one positioned above the other. The engines are painted a bright yellow and feature a complex arrangement of components including a large flywheel on the left, various pipes, hoses, and fuel injectors. A red battery is visible on the right side of each engine. The background is solid black, and the entire image is overlaid with a repeating pattern of the text 'Channel TCPDF test PNG Alpha' in a black, sans-serif font.
